

SUMMARY

Johnston County Transportation Advisory Committee

May 24, 2010 – 2:00 PM,
Land Use Center - Conference Room
Smithfield, North Carolina

Attendees:

- Scott Walston, NCDOT Planning Branch
- Sarah Lee, NCDOT Planning Branch
- Berry Gray, Johnston County
- Rich Cregar, Johnston County TAC
- Daniel VanLiere, Upper Coastal Plain COG
- Shelby Powell, CAMPO
- Kyle Ward, CAMPO
- Braston Newton, Town of Benson
- Johnny Dixon, Town of Micro
- Tim Little, NC DOT Division 4
- Ryan Simons, Town of Selma

The Committee reviewed a proposed growth rate map to show percentage increase of traffic volume on studied roads. A map showing the current capacity deficiencies along with the projected deficiencies, based on the proposed growth rate, through 2035. Sara Lee and Scott Walston asked for input on the maps to ensure that everything had been covered. There were comments on the deficiencies for US 70 and US 70 Business east of Smithfield/Clayton, Cleveland Road near the County line and east towards Smithfield, Polenta Road due to the new school, and NC 42 between Cleveland Road and I40. There was also comment on the low growth rate along US 70 Business through Clayton.

The Committee decided to hold two or three sub-county work sessions over the next few months to allow for more one-on-one review of the maps to discuss needed improvements. It was also decided to present the preliminary deficiency map to each Town Board to provide an update on the progress.

Next Meeting: June/July for sub-county work sessions and Town Board presentations.
